

The Rice Lake Summit 3000 Floor Scale is a high quality economical solution for floor scale applications. The durable low profile design features non-slip diamond treadplating for added safety. This floor scale series also features a top access junction box, four adjustable load cell feet, and a 1/2-20UNF threaded eyebolt hole for transporting the scale. This system consists of the the Summit 3000 paired with the 120 series indicator and factory calibrated before shipping. The scale is ready for general use immediately upon delivery. The Summit 3000 is NTEP Class III approved for use in legal for trade applications.

SUMMIT 3000 FEATURES

- 4' x 4' platform
- 5000 lb by 1 lb
- NTEP CC: 92-001A9, Class III 5000 d
- Heavy-duty industrial design
- Top access junction box
- Signal trim summing board in sealed ABS enclosure
- Four NTEP certified alloy steel shear beam load cells
- Four adjustable rigid polyurethane rubber feet with 3" pads
- Rugged diamond safety tread plate steel deck
- 1/2-20UNF threaded eye-bolt hole located in the center of the deck for lifting
- 20 ft of EL147 load cell cable for connecting to an indicator

120 DIGITAL INDICATOR FEATURES

- LED display, 0.8 in (20.3 mm) six-digit, seven-segment
- 5-button operation
- Full duplex RS232 and simplex 20mA serial communication ports
- NTEP CC 03-059
- Heavy gauge ABS enclosure
- Programmable printer ticket formats
- Full front-panel digital calibration
- Consecutive transaction numbering
- Time and Date

WARRANTY

Summit 3000 weldment and load cells two years, all other components one year.
